

## East Africa Coastal Schedule

05th November 2010

Dear Esteemed customer,

Kindly note that this will be the last coastal schedule send out for this service.

The service will now become exclusively dedicated to the movement of the MACS and GAL cargoes to Maputo only.

Once we have the operation stabilised in Maputo we might then consider opening up the service to others at a later stage in the New Year.

We will keep you informed.

Kind regards  
Team MACS
